Continuation of 3. NOTE: The applicant did not rewrite allowable claims in the EXACT form as specified by the Examiner. For instance the applicant alleges that the subject matter of claims 10-12 was added to claim 1 to render claim 1 allowable since the Examiner previously indicated claim 12 as containing allowable subject matter. However, upon further review of proposed claim 1, the applicant failed to include the subject matter of claim 10. Moreover, proposed claim 36 supposedly contains substantially all subject matter of proposed claim 1, but omits some subject matter. Thus, this would require further consideration. A similar situation exists in other proposed amended or new claims.
